

# UMN Organic Fruit and Vegetable Field Day

**Tuesday, July 15th**  
**5:00 - 8:00 pm**

## Event details:

- This is a **free event**.
- A **meal will be provided** before the field tour.
- The event will **kick-off at the main tent**, adjacent to Cornercopia Student Organic Farm on the UMN St. Paul campus.
- **Free parking** is available in the Leatherdale Equine Center lot.
- The **nearest bus stop** is located at the corner of Gortner Ave and Dudley Ave.
- **Interpretation is available** (more info provided during registration).
- **Advanced registration is required** (see below).

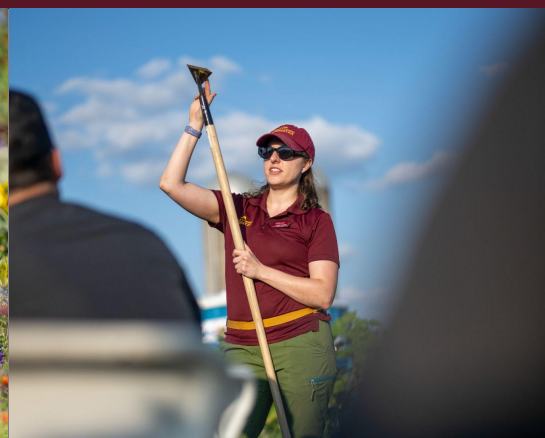

Farming or thinking about starting a farm? Join UMN researchers and Extension educators for updates on organic fruit and vegetable research at the student organic farm and the Minnesota Agricultural Experiment Station on St. Paul campus.

Topics include: organic insect management, integrating livestock into vegetable farms, new crops for Minnesota, irrigation strategies, and more!
